

# Espèces rencontrées pendant : Séances de détermination Salle SM05 2018 - le 12/11/2018

Agaricus sylvaticus

Amanita ovoidea

Amanita pantherina

Armillaria mellea

Chroogomphus rutilans

Clavariadelphus pistillaris

Clitocybe nebularis = *Lepista nebularis* = *Lepista nebularis* var. *stenophylla*

Clitocybe dealbata

Clitocybe odora

Clitocybe nebularis

Cortinarius herculeus

Cortinarius ionochlorus

Cortinarius trivialis = *Cortinarius collinitus*

Cystoderma amianthinum

Cystodermella adnatifolia

Entoloma lividoalbum

Ganoderma lucidum

Geastrum fimbriatum = *Geastrum sessile*

Hebeloma sinapizans

Hohenbuehelia geogenia

Hydnum albidum

Hydnum repandum

Hygrophorus agathosmus = *Hygrophorus agathosmus* var. *aureofloccosus* = *Hygrophorus agathosmus* var. *flavescens* (?)

Hygrophorus chrysodon

Hygrophorus gliocyclus

Hygrophorus penarius

Hygrophorus russula

Hypholoma fasciculare

Lactarius chrysorrheus

Lactarius deliciosus

Lactarius luridus

Lactarius sanguiflus

Lepiota castanea

Lepista nuda = *Lepista nuda* var. *pruinosa* = *Lepista nuda* var. *tridentina* = *Tricholoma nudum* var. *lilacea* =

*Rhodopaxillus nudus*

Lepista sordida

Lycoperdon molle

Lycoperdon perlatum

Lyophyllum lauricatum

Macrolepiota mastoidea = *Macrolepiota gracilentata* = *Macrolepiota konradii* = *Macrolepiota rickenii* = *Macrolepiota affinis*

Macrolepiota rickenii = *Macrolepiota gracilentata*

Marasmius oreades

Mucidula mucida

Mycena inclinata

Mycena polygramma

Mycena pura = *Mycena pura* f. *pura* = *Mycena pseudopura* = *Prunulus purus*

Mycena rosea = *Mycena pura* var. *rosea*

**Mycena rosea f. candida**

**Phyllotopsis nidulans**

**Russula acrifolia**

**Russula persicina**

**Russula risigallina** = *Russula chamaleontina* = *Russula lutea* = *Russula chamaeleontina*

**Russula sanguinea**

**Stropharia coronilla**

**Stropharia aeruginosa**

**Suillus collinitus**

**Suillus luteus** = *Boletus luteus*

**Tricholoma acerbum**

**Tricholoma caligatum**

**Tricholoma batschii** = *Tricholoma fracticum* = *Tricholoma subannulatum*

**Tricholoma cedretorum**

**Tricholoma focale**

**Tricholoma fracticum**

**Tricholoma saponaceum**

**Tricholoma scalpturatum**

**Tricholoma squarrulosum**

**Tricholoma terreum** = *Tricholoma myomyces*

**Tricholoma ustaloides**
